

CONFERENCE LAUNCH

On the initiative of the Faculty of Organizational Sciences, University of Belgrade, partnership with the Faculty of Economics and the Faculty of Law (also members of the University of Belgrade) are created to promote excellence in financial decision-making. As a result, the organization of the high end financial management conference is proposed. The first meeting of the program committee was held on 18th of March, 2022 which denoted the official start of the founding activities. The Conference is going to be held biannually, and one of the three founding faculties will be the official organizer of the event. The next step in founding activities is to appoint members to organizing committee of the Faculty of Economics and the Faculty of Law.
